 - Division I: Ages 9 and under max. 8 minutes
 - Division II: Ages 10-13 max. 10 minutes
 - Division III: Ages 14-18 max. 15 minutes
- The two pieces must be contrasting for solo piano from two different eras of Western classical music including Baroque, Classical, Romantic, and Twentieth Century must be performed memorized. Original compositions and improvisations are not permitted. Repeats may be played at the discretion of the performer, but are not required. Judges reserve the right to cut off performances at their discretion.
- All applicants should bring hard copies of their sheet music (photo copies or books) with minimal markings for the judges.
- Contestants will be graded on the following criteria, using a rating scale of 1-5:
 - **Musicality and artistry:**
Students who score well will not simply play their selected pieces cleanly, but will demonstrate an appropriate understanding of aspects of performance including artistic and stylistic interpretation. Judges will look for students who exhibit attention to details of musicality such as phrasing, dynamics, touch, and shaping, and who can elevate their

performance from merely playing the written notes, to giving a dynamic and engaging performance.

- **Technical mastery:**
Students who score well will demonstrate that they can meet the technical requirements of their selected pieces. They should be able to comfortably navigate the technical challenges of the literature. Their performance should be free of major note or fingering errors. Students should look to utilize an appropriate tempo and, when required, clean pedaling.
 - **Adherence to the score:**
Students who score well will demonstrate a nuanced understanding of the composers' intent in both pieces they perform. Their performances should reflect instructions given by the composer in the score including (but not limited to) tempo, style, pedaling, dynamic markings, etc., as well as customs of the period in which their selected piece was written.
 - **Stage presence:**
Students should demonstrate a high level of professionalism throughout their audition. Students who score well will display both confidence and charisma, whether it is their first time participating in a competition, or they are more experienced. Students should keep in mind that if they should receive an award, they will be expected to perform in front of their peers and guests. This includes appropriate performance attire.
 - **Memory:**
Students are expected to perform their selected pieces without referring to the score. The judges may, in the case of a memory slip, choose to prompt a student at their discretion; however, such instances will detract from the student's overall score.
- Age requirements apply to applicant's age as of April 1, 2020. Applicants must reside in the United States or Canada.
 - Students who have participated and won first place in the competition last year may not enter again in the same division.
 - Judges will be announced in the application for the competition. If a change is made, this will be announced by the Steinway showroom prior to the competition.
 - Students, teachers, parents, and audience members should not approach the judges for any reason before or during the competition.
 - Close relatives or students who study or have studied with any of the announced judges or Steinway/Steinway-authorized showroom employees are not eligible to compete. A refund will be issued to these students.
